

SAFETY INSTRUCTION SHEET & TERMS AND CONDITIONS OF HIRE

It is the responsibility of the customer (hirer) to ensure that all possible steps are taken to avoid injury or damage both to the inflatable but also in the interests of those using the inflatable.

Please ensure that the following safety instructions are followed:

- 1) This unit has an age limit of (11) years. Please ensure no-one over this age uses the equipment.
- 2) No food or drinks to be consumed on the inflatable.(to avoid choking & mess).
- 3) All shoes, badges, large items of jewellery including spectacles **MUST** be removed.
- 4) No party-poppers, streamers or "silly string" to be used near or on the inflatable, as they can permanently stain the unit.
- 5) No smoking near the inflatable.
- 6) Climbing, hanging, or sitting on the walls is **DANGEROUS** and must not be allowed.
- 7) A responsible adult must supervise the inflatable at all times.
- 8) Please ensure that the inflatable is not overcrowded, and limit the numbers depending on age and size of children using it. If the children are colliding into each other then it is too crowded.
- 9) Try to avoid large and small children from using the inflatable at the same time.
- 10) Please switch the blower off at the mains when not in use, this will reduce your electric bill!
- 11) Please do not allow anyone to bounce on the step/front apron. It is there to help users get on and off.
- 12) Please ensure that anyone with a history of back or neck problems are not allowed on the inflatable primarily for their own safety and wellbeing.
- 13) Please do not allow users to be on the unit during inflation or deflation.
- 14) In the event of heavy rain, it is strongly recommended that the inflatable be switched off. Any wetness, including bubbling can be dried with a towel. A small picnic table placed over the blower, will help prevent rain-water being sucked into the blower, and then into the inflatable.
- 15) In the event that the blower overheats, or loses power, switch the blower off at the mains, and then switch it back on again 1 or 2 minutes later, and it should restart. If it does not, or there is a power cut, inform us **IMMEDIATELY**.
- 16) Ensure that the vent on the side of the blower is kept clear at all times.
- 17) Please leave the castle inflated for when we come to collect so we can quickly check it over
- 18) Please leave the castle in the same condition as we delivered it in, if you make a mess it would be much appreciated if you could please clean before we arrive
- 19) The equipment left is your responsibility and you will be liable for any damages or theft caused whilst in your care
- 19) If you are unsure about anything, please contact us.

RISK ASSESMENT

Castle:

Site is suitable with crowd measures in place if appropriate
